One Ocean Resort Hotel & Spa Overview

One Great Place

Managed by Remington Hotels and part of the Preferred Hotels & Resorts collection, One Ocean Resort Hotel & Spa is Northeast Florida's newest luxury resort. The artful boutique getaway is situated on the sweeping white sands and gently lapping turquoise waters of The Atlantic Ocean in Atlantic Beach, minutes from Jacksonville. The resort is nestled directly across from the picturesque Beaches Town Center, luring guests in with its cobblestone streets featuring an eclectic mix of shops, restaurants, art galleries, ice-cream parlors, and nightlife options.

Seamless Service

The Guest Historian at One Ocean eagerly makes each stay as personal as possible. By contacting every guest prior to their arrival, the Guest Historian has a selection of favorite snacks & beverages waiting in the room, the morning newspaper of choice delivered and even knows the name of all vacationing pets. There isn't a detail that isn't thoroughly noted and executed.

Special occasions are blown out of the water with the help of the Guest Historian who works with couples to create keepsake anniversary menus and arrange for even the most lavish of wedding proposals. It is not uncommon for the ever-pleasing Guest Historian to surprise celebrating couples champagne and strawberries.

Doting Docents

With all the details taken care of, visitors enjoy seamless check-in and completely bypass the front desk. Without wasting one moment of precious vacation time, a personal Docent greets guests by their names and escorts them down the gallery-lit halls to their room.

More than a mere concierge, Docents act as intuitive hosts, packing and unpacking items, steaming garments, stocking amenity cabinets with items personally selected by visitors, and delivering a hot beverage of choice each morning.

Last-minute plans are left in the capable hands of Docents including restaurant & nightlife recommendations, the inside scoop on the best shopping or the booking of action packed excursions.

Business needs can be handled from the comfort of guestrooms, as business travelers simply e-mail their Docent any items needing to be printed, or better yet have a printer delivered to their guestroom.

Docents are always One Touch away, as guests simply press the designated button to speak to one of the agents, available 24-7, who take care of any needs without ever transferring guests to another department.

Atlantic Inspired Accommodations

193 rooms & stylish suites, all offering floor to ceiling views of the Atlantic Ocean are draped in soothing splashes of azure, sand and pearl. Reminiscent of Old Florida, the laid-back unpretentious atmosphere is a contrasting backdrop of artistic sophistication & chic beach style. The resort décor is elegant, yet always comfortable, with a “no jacket required” philosophy. Beachfront & beach view rooms feature luxurious “sink in” beds custom designed specifically for the resort, featuring an airy, oceanic-inspired décor.

One of the resort’s three suites is deemed the John Grisham suite, in honor of the famed novelist who spent many spring baseball seasons with his young son in Atlantic Beach. His books often mention area locales (especially nearby Pete’s Bar, a decades-old institution where a game of pool is still 25 cents). The special suite allows visitors to listen to the calming sounds of the ocean from the comfort of whirlpool Jacuzzi tubs.

Each room features a personalized refreshment cabinet offering snacks and non-alcoholic beverages at no additional charge. Luxury meets technology in each of the guestrooms, as heat-activated sensors tell Docents and cleaning service personnel whether guests are in their rooms so as not to disturb them. Each room also features iPod docking stations (blue, of course) and free high speed Internet access. Keeping with the coastal feel, message lights on guestroom phones shine, blue, not red.
